

Brightspace for Toronto District School Board School Administrators

Brightspace is a TDSB supported dynamic learning platform provided by the Ministry of Education at no cost to TDSB educators, students, and school administrators. Brightspace for TDSB includes a digital portfolio tool, assignments, rubrics, a parent communication tool, lessons linked to curriculum expectations, quizzes, and much more!

Brightspace supports learners with different needs and is inclusive and accessible, allowing your teachers to support all students. Many of the stand-alone apps and tools educators commonly use are features in Brightspace, helping streamline classrooms and schools through consistency (and security) with everything in one place. As a school administrator, Brightspace can help you support learning in your school in a variety of ways. By looking at school data on a student, classroom, or school level (and beyond), administrators can easily view school-wide analytics and see what is working and what is not. Brightspace data can be used to make decisions about teaching and used to analyze learner outcomes.

Brightspace Features for School Administrators

Provides a safe and secure platform for educators to interact with students and parents

Tracks achievement data to help you align school improvement plans with student outcomes

Enables administrators to create an online community with their staff to support professional learning, and to share documents and more

Supports educators in sharing their learning with administrators related to Annual Learning Plan goals through Portfolio

Integrates with your SIS, so educators can easily get started

Provides a rich environment to support all students and all pathways, including credit recovery/rescue, alternative education and more!

Brightspace Access for your School

Brightspace is a TDSB supported dynamic learning platform provided by the Ministry of Education at no cost to TDSB educators, students, and school administrators. To set up a meeting, or if you have any questions about how Brightspace can support your school's goals, please reach out to us at K12Ont@D2L.com. You can also log in or view Brightspace resources at www.D2L.com/VLE.
