Resources

Why Create Lessons with Multi-Media in the VLE?

- Create a one-stop-shop for students by bringing in all your documents, resources, activities, and lessons into your VLE Content tool
- Keep your lessons personal by incorporating videos of yourself speaking using the Video Note tool
- Eliminate distractions by embedding websites or interactive activities right inside your lessons so that students never have to leave the VLE
- Keep learners interested and engaged by providing different types of media into your lessons

Live Demo

In this demo, you will learn how to:

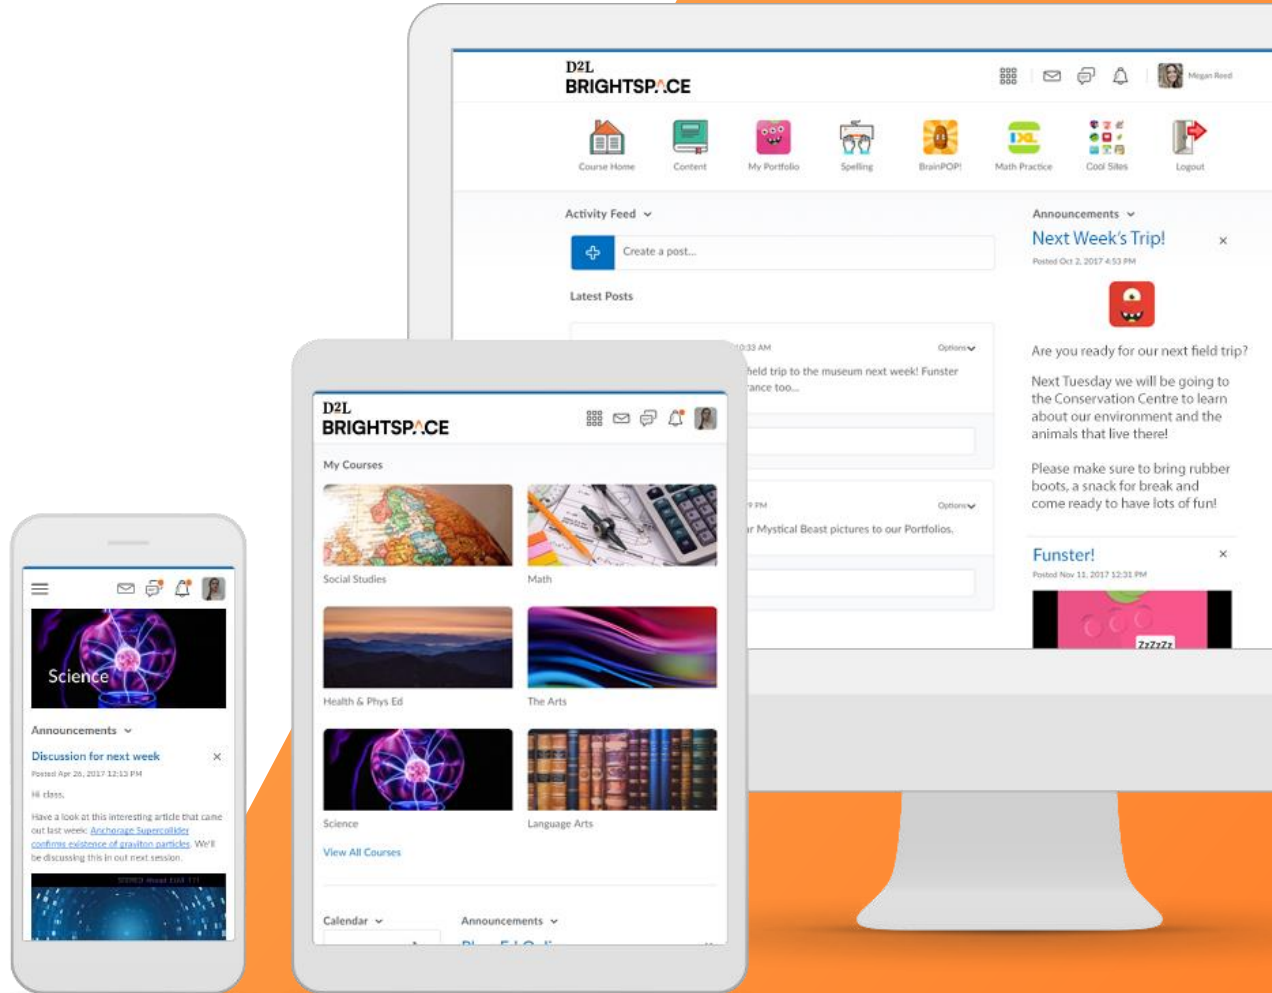

- Organize your lessons in the Content tool
- Import your existing resources and lessons into the Content tool
- Build lessons that incorporate images, videos and web links
- Embed websites and interactive activities inside your lessons

Live Demo

In this demo, we learned how to:

- ✓ Organize your lessons in the Content tool
- ✓ Import your existing resources and lessons into the Content tool
- ✓ Build lessons that incorporate images, videos and web links
- ✓ Embed websites and interactive activities inside your lessons
