

The LMS Built to Empower Every Learner's Success

D2L Brightspace is the all-in-one LMS that goes beyond traditional platforms—bringing powerful AI, built-in accessibility, and unmatched support together in one easy-to-use system. Designed for flexibility and inclusivity, it helps you deliver personalised, engaging learning at scale while saving time and streamlining your workflow.

Why Brightspace Makes the Difference

CREATE ENGAGING CONTENT, FASTER

Deliver interactive, consistent learning experiences without the extra work. With Creator+, it's easy to build and scale high-quality content that captures attention and drives engagement. Leverage H5P's powerful interactive content tools—like quizzes, interactive videos, and presentations—to create dynamic learning experiences that are as effective as they are engaging. All without writing a single line of code.

INCLUSIVE LEARNING THAT MEETS EVERY NEED

Support every learner with built-in accessibility tools like HTML templates, automatic video captions, and an Accessibility Checker. With mobile-first design and WCAG 2.1 AA compliance, Brightspace helps you deliver equitable, inclusive experiences at scale.

AI THAT EMPOWERS EDUCATORS

D2L Lumi brings the power of AI directly into Brightspace, helping educators personalise learning, automate routine tasks, and surface meaningful insights. Lumi supports academic integrity and gives faculty more time to focus on learner success.

A PARTNER IN YOUR SUCCESS

Brightspace ensures a smooth transition with guided migration and dedicated onboarding support. Beyond implementation, D2L provides ongoing partnership through 24/7 support, optimisation services, and a vibrant learning community committed to your long-term success.

Name	Content Completed	Quizzing
