D2L FOR BUSINESS

D2L LUMI

Intelligent by Design

AI that gets learning. Built to be trusted.
Designed to be human.

Purposeful AI in Brightspace helps learning teams create more, manage less and support learners in the moment.

WHY IT MATTERS

CREATE MORE. MANAGE LESS.

Reduce repetitive work and keep learning current.

SUPPORT LEARNERS IN THE MOMENT

Provide timely guidance, feedback and answers.

MAKE BETTER LEARNING DECISIONS

See where learners need support and respond sooner.

BUILT FOR LEARNING TEAMS, DESIGNED FOR EMPLOYEES

Create and manage learning more efficiently

TURN EXISTING MATERIALS INTO LEARNING FASTER

Use the content you already have to create learning materials faster, helping your team keep programs current without starting from scratch.

CREATE MEANINGFUL ASSESSMENTS FASTER

Turn existing course content into assignment and discussion ideas that help you give learners more ways to apply what they know.

BUILD ASSESSMENTS WITH LESS EFFORT

Quickly create content-aligned questions so you can spend less time building assessments and more time improving the learning experience.

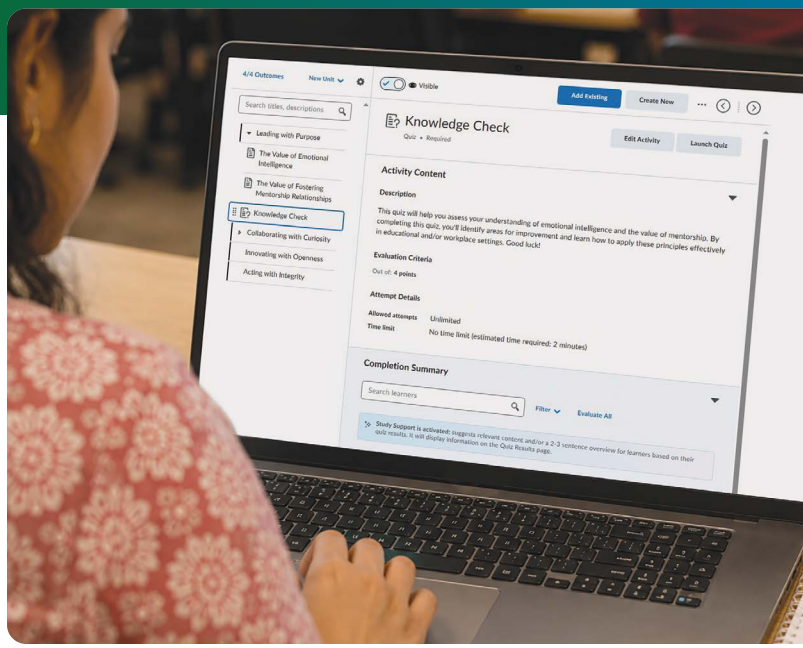

KEEP LEARNING FOCUSED ON THE RIGHT OUTCOMES

Help ensure course materials stay aligned to the learning goals your programs are designed to achieve.

MAKE LEARNING MORE ACCESSIBLE

Help more learners engage with video content by automatically generating captions for videos created in or uploaded to Brightspace.

D2L LUMI

Give learners a better experience

MAKE LEARNING MORE ENGAGING

Turn existing content into interactive learning experiences that give learners more ways to engage with the material.

REINFORCE LEARNING ALONG THE WAY

Create practice questions from course content so learners can check their understanding before moving forward.

HELP LEARNERS UNDERSTAND WHAT MATTERS

Create clear module summaries that give learners context before they begin and help them focus on the key ideas.

GUIDE LEARNERS TO WHAT THEY NEED NEXT

Surface relevant learning suggestions based on assessment results so learners can focus on areas where they need more support.

HELP LEARNERS GET FEEDBACK FASTER

Give facilitators AI-assisted feedback drafts they can review and customize, helping learners receive timely guidance while people remain in control.

Support learners at scale

GIVE LEARNERS ANSWERS WHEN THEY NEED THEM

Help learners get answers to common questions without waiting for an administrator or facilitator to respond.

EXTEND LEARNER SUPPORT BEYOND YOUR TEAM

Give learners access to real-time help during the learning process, even when an administrator or facilitator is not available.

SEE WHERE LEARNERS NEED HELP

Identify where learners may be struggling so your team can provide support earlier and improve the learning experience.

Intelligent by Design

AI ADVISES. YOU DECIDE.

D2L Lumi is designed to assist the people responsible for learning—not replace their judgment.

> "D2L Lumi is going to be a time-saving thing for us that will free up our staff to make sure our learners are engaged and supported."

Aaron Barber
General Manager, The Real Estate Institute of New South Wales (REINSW)
